

## MARIA ALEXIOU CHATZAKI

(<https://sites.google.com/site/mbgsystematics>)

### Personal information

First name/ Surname	<b>Maria Alexiou Chatzaki</b>
Address	Democritus University of Thrace, Department of Molecular Biology and Genetics
	Univ. campus, Dragana, 68100 Alexandroupolis, Greece
Telephone (home)	+30 25510 21296
	<b>Mobile:</b> +306974149354
Telephone (work)	+30 25510 30636
Fax	+30 25510 30636
E-mail	<a href="mailto:mchatzak@mbg.duth.gr">mchatzak@mbg.duth.gr</a> , <a href="mailto:maria.chatzaki@gmail.com">maria.chatzaki@gmail.com</a>

### Education

**2003:** PhD at the Natural History Museum of Crete - Biology Department of the University of Crete in corroboration with the Zoological Institute of the University of Innsbruck, Austria.  
**Title:** "Ground spiders of Crete (Araneae, Gnaphosidae): taxonomy, ecology and biogeography", 452 pp.

**1998:** Post-graduate studies (**Master in environmental Biology**) at the Natural History Museum of Crete - Biology Department of the University of Crete. **Title:** "Systematics and phenology of ground spiders of the island group Gavdos-Gavdopoula, Greece", 150pp.

**1996:** Degree at the Biology Department of the University of Crete.

### Current occupation

25/07/2017 – present : **Associate Professor** of Biology, Systematics and Ecology at the Department of Molecular Biology and Genetics (MBG) of the Democritus University of Thrace (DUTH)

### Research background & Academic profile

My research background is focused on: spider systematics; biogeography; phylogeography of the Aegean area based on several arthropod groups; spider ecology; mountain ecology; toxinology and public health; environmental education. I am competent at using various classical and molecular methodologies to approach my experimental work. I am experienced in field work having participated in multiple expeditions in Greece and other countries of the East Mediterranean.

As a faculty member of MBG, I am the head for the organization and teaching of three main undergraduate courses (*Introduction to Biology – Introduction to Biology of Organisms – Molecular Ecology*) and one postgraduate course (*Extra Academic skills*) and have supervised many undergraduate and postgraduate students. I am responsible for the establishment and organization of two fully equipped laboratories for classical (dry lab) and molecular (wet lab) systematics (“Lab of Ecology and Biodiversity Conservation”).

As a PI or group member of multiple projects funded by national or ECC sources, I have gained broad experience in management, administration and organization responsibilities. I belong to a network of internationally recognized scientists with whom I keep a dynamic interaction.

## Teaching (DUTH)

Undergraduate courses (MBG, 2007-today) -Full accomplishment (organization and teaching) of:

**Introduction to Biology** (Main course and Practicals)

**Introduction to Biology of Organisms** (Main course and Practicals)

**Molecular Ecology**

## Postgraduate courses

“Clinical Pharmacology and Therapeutics”, Dpt of Medicine, DUTH. Module: “**Animal venoms and toxins: learning from nature for the disease treatment**”. [May 2009 – today]

“Translational research in Biomedicine”, MBG, DUTH. Full accomplishment of the course **Extra Academic skills**. II. Participation (with one module) in the course **Drug development and targeted therapeutic approaches**. [October 2013 – today]

“Occupational Hygiene and safety”, Dpt of Medicine, DUTH. Module: “**Animal venoms and toxins: risks or nature gifts?**” [June 2013– today]

“Sustainable development of production and environment in agriculture”, Dpt of Agricultural development, DUTH, Module: “**Spiders and the 3 “B”: Biodiversity – Bioindicators – Biological control**” [January 2015]

## Theses supervision/evaluation

- Supervision of 15 undergraduate and 3 postgraduate theses
- Member of the evaluation board for 2 postgraduate theses and 2 doctorate theses
- Supervision of 4 Post Doctorate research fellows

## Selected Publications of the last decade

- \*Chatzaki M., Lymberakis, P., Mitov, P. and Mylonas, M. 2009. **Phenology of Opiliones on an altitudinal gradient at Lefka Ori mountains, Crete, Greece.** *Journal of Arachnology*, Vol. 37(2): 139-146.

### Committee Assignments

- Secretary member of the European Society of Arachnology (since 2008)
- Member of the council of the Hellenic Zological Society (since 2014)
- Member of the editorial board of the World Spider Catalogue (since 2016).

### Recent Funding

- **2012-2014** Greek Ministry of Health «Development of Human Resources» 2007-2013, protection of Public Health of the population, Pr. Axis 13. Title: «*Harmful effects from the use of plant protective products: specialized biomarkers in the service of Public Health and information campaign*». Budget: 370.000 €. Faculty of Medicine, DUTH, PI: Dr. E. Chatzaki (Team member - Investigator).
- **2014-2015** European Union (European Social Fund) and National Resources under the Operational Programme “Education and Lifelong Learning”, ARISTEIA II Programme, NSRF 2007-2013 Title «*Spinning or speeding the web? Accelerating biodiversity research using ground spiders as ambassadors of Greek arthropod hotspots* ». Budget: 200.000 €. PI: Dr. M. Chatzaki.
- **2014-2015** Operational Programme «*Environment and Sustainable development*», Pr. Axis 9 «*Natural environment and Biodiversity Protection*», NSRF 2007-2013. Title: «*Databasing and monitoring of*

habitat types and of flora and fauna species included in the 92/43 and 79/409 Directives», Section 5: «Monitoring of invertebrates» Budget: 260.000 €. Management office of Evros Delta, PI: Dr. M. Chatzaki.

- **2014-2015** Operational Programme «*Environment and Sustainable development*», Priority Axis 9 «*Natural environment and Biodiversity Protection*», NSRF 2007-2013. Title: «Databasing and monitoring of fauna species included in the 92/43 Directive and other protected species and habitats». Budget: 109.943,52 €., Univ. of Crete, PI: Dr. M. Probonas (Team member - Investigator)
- **2014-2015** Operational Programme «*Environment and Sustainable development*», Priority Axis 9 «*Natural environment and Biodiversity Protection*», NSRF 2007-2013. Title: «Monitoring of amphibians, reptiles, invertebrates and chiropterans at the protected area of Karpathos- Saria». Budget: 26.548,95 €. University of Crete, PI: Dr. P. Lymberakis. (Team member - Investigator)
